

**DOCTORS ARE
ROLE MODELS**

Hameedia

EST 1949

The first impression of a doctor lasts forever!

- Doctors should live as an example to others. Patients experience many emotions; consequently, doctors must be mentally and physically fit to deal with these situations with confidence
- The First impression of a doctor lasts forever. For that, doctors must groom well, look clean and dress nicely
- Every doctor must project themselves correctly to bring confidence to patients

GROOMING TIPS TO LOOK SMART

- 1 Always look for quality clothing probably visit Hameedia 😊
- 2 Look for natural materials & fabrics which is comfortable & long-lasting
- 3 Always learn to buy your clothes so you can figure out which suits you the best
- 4 Always check the wash care to take care of your clothes
- 5 Comfortable clothes are a must for long hours which can give you peace of mind
- 6 Innerwear must be cotton or modal
- 7 The power of a good leather shoe & belt will last a long time
- 8 If you cannot maintain cotton, go for cotton-rich shirts under the brand name Lebond
- 9 Try to make your collection of clothes minimalistic
- 10 The tie must be contrast or matching the shirt & trouser
- 11 Always maintain your body shape by exercising & living a healthy lifestyle, so your clothes will look better on your body
- 12 Always wear clothes according to the location, assignment, venue & the function
